Aphasiology, Volume 18, 2004
Contents

Number 1, January

Review

3 *Catharine M. Pettigrew, Bruce E. Murdoch, Helen J. Chenery, and Joseph Kei*, The relationship between the mismatch negativity (MMN) and psycholinguistic models of spoken word processing

Papers

29 *Frank Burchert and Ria De Bleser*, Passives in agrammatic sentence comprehension: A German study

47 *Janet Webster, Sue Franklin, and David Howard*, Investigating the sub-processes involved in the production of thematic structure: An analysis of four people with aphasia

69 Book review

Number 2, February
Special issue: PALPA: 10 years after
Editor: Chris Code

Editorial

75 *Chris Code*, Ten years of PALPAring in aphasia

Papers

77 *Jennifer Cole-Virtue and Lyndsey Nickels*, Spoken word to picture matching from PALPA: A critique and some new matched sets

103 *Lyndsey Nickels and Jennifer Cole-Virtue*, Reading tasks from PALPA: How do controls perform on visual lexical decision, homophony, rhyme, and synonym judgements?

127 *Janice Kay and Richard Terry*, Ten years on: Lessons learned from published studies that cite the PALPA

153 *Jennifer Cole-Virtue and Lyndsey Nickels*, Why cabbage and not carrot? An investigation of factors affecting performance on spoken word to picture matching.

181 *Max Coltheart*, PALPA: What next?

Number 3, March
Special issue: Computers and aphasia: Their role in the treatment of aphasia and the lives of people with aphasia
Guest editor: Brian Petheram

Editorial

187 *Brian Petheram*, Computers and aphasia: A means of delivery and a delivery of means

Papers

193 *Jane Mortley, Julia Wade, and Pam Enderby*, Superhighway to promoting a client-therapist partnership? Using the Internet to deliver word-retrieval computer therapy, monitored remotely with minimal speech and language therapy input

213 *Suzanne J. C. Doesborgh, Mieke W. M. E. van de Sandt-Koenderman, Diederik W. J. Dippel, Frans van Harskamp, Peter J. Koudstaal, and Evy G. Visch-Brink*, Cues on request: The efficacy of Multicue, a computer program for wordfinding therapy

223 *Claus-W. Wallesch and Helga Johannsen-Horbach*, Computers in aphasia therapy: Effects and side-effects

229 *Robert T. Wertz and Richard C. Katz*, Outcomes of computer-provided treatment for aphasia

245 *Mieke W. M. E. van de Sandt-Koenderman*, High-tech AAC and aphasia: Widening horizons?

265 *Jennifer Egan, Linda Worrall, and Dorothea Oxenham*, Accessible Internet training package helps people with aphasia cross the digital divide

281 Subject index

Number 4, April

Papers

291 *Claire Croteau, Anne-Marie Vychytil, Céline Larfeuil, and Guylaine Le Dorze*, "Speaking for" behaviours in spouses of people with aphasia: A descriptive study of six couples in an interview situation

313 *Leanne Togher, Skye McDonald, Chris Code, and Susan Grant*, Training communication partners of people with traumatic brain injury: A randomised controlled trial

337 *Katharine B. Ross and Robert T. Wertz*, Accuracy of formal tests for diagnosing mild aphasia: An application of evidence-based medicine

357 *Monica Strauss Hough and Gregg D. Givens*, Word fluency skills in dementia of the Alzheimer's type for common and goal-directed categories

Case Study

373 *Sam-Po Law*, Impairment to phonological processes in a Cantonese-speaking brain-damaged patient

History of Aphasia

389 *Claus-W. Wallesch*, Freud as an aphasiologist

Number 5/6/7, May/June/July
Special issue: 33rd Clinical Aphasiology Conference
Guest editor: Patrick J. Doyle

405 *Patrick J. Doyle*, Preface
407 *Julie Wambaugh and Christina Nessler*, Modification of sound production treatment for apraxia of speech: Acquisition and generalisation effects
429 *Richard K. Peach and Patrick C. M. Wong*, Integrating the message level into treatment for agrammatism using story retelling
443 *Katarina L. Haley*, Vowel duration as a cue to postvocalic stop voicing in aphasia and apraxia of speech
457 *Nadine Martin, Ruth Fink, and Matti Laine*, Treatment of word retrieval deficits with contextual priming
473 *Steven L. Small*, A biological model of aphasia rehabilitation: Pharmacological perspectives
493 *Tepanta R. D. Fossett, Malcolm R. McNeil, Patrick J. Doyle, Hillel J. Rubinsky, Stephanie Nixon, William D. Hula, and Jill Brady*, Assessing the validity of multiple-choice questions for RAPP story comprehension
521 *Malcolm R. McNeil, Patrick J. Doyle, William D. Hula, Hillel J. Rubinsky, Tepanta R. D. Fossett, and Christine T. Matthews*, Using resource allocation theory and dual-task methods to increase the sensitivity of assessment in aphasia
543 *Sharon M. Antonucci, Pelagie M. Beeson, and Steven Z. Rapcsak*, Anomia in patients with left inferior temporal lobe lesions
555 *Heather Harris Wright and Marilyn Newhoff*, Priming auditory comprehension in aphasia: Facilitation and interference effects
567 *Lisa A. Edmonds and Swathi Kiran*, Confrontation naming and semantic relatedness judgements in Spanish/English bilinguals
581 *Monica Strauss Hough*, Generative word fluency skills in adults with Parkinson's disease
589 *Monica Strauss Hough*, Naming and category concept generation in older adults with and without dementia
599 *Debra A. Wiener, Lisa Tabor Connor, and Loraine K. Obler*, Inhibition and auditory comprehension in Wernicke's aphasia
611 *Brooke Hallowell, Natalie Douglas, Robert T. Wertz, and Sunny Kim*, Control and description of visual function in research on aphasia and related disorders
625 *Ellen M. Hickey, Michelle S. Bourgeois, and Lesley B. Olswang*, Effects of training volunteers to converse with nursing home residents with aphasia
639 *Amy C. Georgeadis, David M. Brennan, Linsey M. Barker, and Christine R. Baron*, Telerehabilitation and its effect on story retelling by adults with neurogenic communication disorders

Number 8, August

Papers

659 *Robert C. Marshall, Colleen M. Karow, Claudia A. Morelli, Kristin K. Iden, Judith Dixon, and Tamara B. Cranfill*, Effects of interactive strategy modelling training on problem-solving by persons with traumatic brain injury

675 *Charlotte C. Mitchum, Anne N. Haendiges, and Rita Sloan Berndt*, Response strategies in aphasic sentence comprehension: An analysis of two cases

693 *Sarah-Jane Hays, Brian E. Niven, Hamish P. D. Godfrey, and Richard J. Linscott*, Clinical assessment of pragmatic language impairment: A generalisability study of older people with Alzheimer's disease

715 *Han F. A. Diesfeldt*, Syntactic comprehension of reversible sentences in semantic dementia

Case Study

743 *Donald Freed, Kim Celery, and Robert C. Marshall*, Effectiveness of personalised and phonological cueing on long-term naming performance by aphasic subjects: A clinical investigation

Short Report

759 *A. M. O. Bakheit, L. Barrett, and J. Wood*, The relationship between the severity of post-stroke aphasia and state self-esteem

Number 9, September

Papers

771 *Marion Cook, Bruce Murdoch, Louise Cahill, and Brooke-Mai Whelan*, Higher-level language deficits resulting from left primary cerebellar lesions

785 *Laura L. Murray, Kirrie Ballard, and Laura Karcher*, Linguistic Specific Treatment: Just for Broca's aphasia?

Forum

811 *Linda I. Shuster*, Resource theory and aphasia reconsidered: Why alternative theories can better guide our research

830 *Laura L. Murray and Jacob Kean*, Resource theory and aphasia: Time to abandon or time to revise?

836 *Malcolm R. McNeil, William D. Hula, Christine T. Matthews, and Patrick J. Doyle*, Resource theory and aphasia: A fugacious theoretical dismissal

840 *David Navon*, Aphasia, resources, and cross-talk: Do we now have a soup mix?

843 *Connie A. Tompkins, Wiltrud Fassbinder, and Victoria L. Scharp*, Resources, aphasia, and the pursuit of theoretical precision

847 *A. H. C. van der Heijden*, Mind the words!

850 *Linda I. Shuster and James C. Thompson*, Reply. Resource theory: Here, there, and everywhere

855 Book review

Number 10, October

Papers

867 *Nadine Martin, Ruth Fink, Matti Laine, and Jennifer Ayala*, Immediate and short-term effects of contextual priming on word retrieval in aphasia

899 *Michael de Riesthal and Robert T. Wertz*, Prognosis for aphasia: Relationship between selected biographical and behavioural variables and outcome and improvement

917 *Jo Robson, Jane Marshall, Tim Pring, Ann Montagu, and Shula Chiat*, Processing proper nouns in aphasia: Evidence from assessment and therapy

Discussion

937 *Riva Sorin-Peters*, The case for qualitative case study methodology in aphasia: An introduction

951 *Riva Sorin-Peters*, The evaluation of a learner-centred training program for spouses of adults with chronic aphasia using qualitative case study methodology

Number 11, November

Papers

979 *Julie Wambaugh, Rosalea Cameron, Michelene Kalinyak-Fliszar, Christina Nessler, and Sandra Wright*, Retrieval of action names in aphasia: Effects of two cueing treatments

1005 *Jennifer Howland and Robert S. Pierce*, Influence of semantic relatedness and array size on single-word reading comprehension in aphasia

Review

1015 *Tami J. Howe, Linda E. Worrall, and Louise M. H. Hickson*, What is an aphasia-friendly environment?

CAC Classics

1039 *Robert C. Marshall, G. Albyn Davis, Jennifer Horner, Leonard L. LaPointe, Craig W. Linebaugh, Malcolm R. McNeil, Nina Simmons-Mackie, and Robert T. Wertz*, Clinical Aphasiology Conference Classics: An introduction

1043 *Jay Rosenbek and Jacqueline Laures*, Wrinkled feet: Botox anyone?

1069 Book review

Number 12, December

Review

1075 *Ronald Prins and Roelien Bastiaanse*, Analysing the spontaneous speech of aphasic speakers

Papers

1093 *Else Havik and Roelien Bastiaanse*, Omission of definite and indefinite articles in the spontaneous speech of agrammatic speakers with Broca's aphasia

1103 *C. Salis and S. Edwards*, Adaptation theory and non-fluent aphasia in English

1121 *Lisa A. Edmonds and Thomas P. Marquardt*, Syllable use in apraxia of speech: Preliminary findings

1135 *Angelika Bauer and Florian Kulke*, Language exercises for dinner: Aspects of aphasia management in family settings

1161 *Suzanne Généreux, Marie Julien, Céline Larfeuil, Véronique Lavoie, Olivette Soucy, and Guylaine Le Dorze*, Using communication plans to facilitate interactions with communication-impaired persons residing in long-term care institutions

1177 *Lynn E. Fox, Susan B. Poulsen, Kelly Clark Bawden, and Darren Packard*, Critical elements and outcomes of a residential family-based intervention for aphasia caregivers

1201 *Ingrid Aichert and Wolfram Ziegler*, Segmental and metrical encoding in aphasia: Two case reports

CAC Classics

1213 *Richard C. Katz, Leonard L. LaPointe, and Norman N. Markel*, Coverbal behavior and aphasic speakers

1221 *Richard C. Katz, Leonard L. LaPointe, Norman N. Markel, and JoAnn P. Silkes*, Coverbal behavior and aphasic speakers: Revisited
